

THOMAS LLANES

Software Developer (Backend & iOS Frontend)

Montevideo, Uruguay | thomas.llanes22@gmail.com |

LinkedIn: <https://www.linkedin.com/in/thomas-llanes2202001>

SUMMARY

Software Developer with hands-on experience building and deploying full-stack applications, with a strong focus on backend systems and iOS development using SwiftUI. Currently in the 3rd year of Computer Engineering at Universidad de la República (Udelar), combining solid academic foundations with real-world experience.

Experienced in designing scalable APIs, integrating third-party services, and working with cloud infrastructure on AWS. Continuously seeking to learn new technologies, programming languages, and development practices to improve code quality and deliver better products.

EXPERIENCE

Software Developer - Código del Sur (07/2025 – Present)

- Built secure authentication systems with OTP (SMS & email)
- Developed REST APIs using NestJS
- Integrated OpenAI, Twilio, and email services
- Managed AWS infrastructure (Elastic Beanstalk, RDS, Route 53)
- Automated CI/CD with GitHub Actions

iOS Developer (SwiftUI) - Project Experience

- Built mobile features using SwiftUI and MVVM
- Integrated REST APIs and async data flows
- Created reusable UI components

Technical Support Technician - ORT University (03/2024 – 07/2025)

- Maintained hardware and supported Moodle LMS

EDUCATION

B.Eng. Computer Engineering - Universidad de la República (2019 – Present)

TECHNICAL SKILLS

Backend: Node.js, NestJS, PostgreSQL

Frontend: SwiftUI, iOS (MVVM)

Cloud: AWS, CI/CD

Integrations: OpenAI API, Twilio

LANGUAGES

English (Advanced – CAE, FCE Cambridge)

Spanish (Native)
